Yes sir, the Corporation has purchased the entire quantity of kapas offered to it in APMC regulated market yards by the cotton farmers under Minimum Support Price operations. Further, in order to ensure remunerative prices to the cotton farmers and avoid distress sales, the Corporation has also purchased kapas three stages below Fair Average Quality (FAQ) grade and all these purchases have been made from the notified market yards in the presence of APMC officials.

Does not arise.

The Minimum Support Prices (MSPs) for Fair Average Quality (FAQ) grade of two basic varieties of kapas *viz.,* J-34 and H-4 are fixed by the Government of India every year and based on market differentials; the MSPs for other varieties are fixed by the Office of the Textile Commissioner. The MSPs are fixed keeping the view the cost of cultivationand a reasonable margin of profit to the cotton farmers. CCI makes purchases of FAQ grade kapas at the MSPs so fixed by the Government of India. However, for effecting purchases of below FAQ grade kapas, suitable deductions are made from the MSP rates so as to make the prices remunerative and commensurate with quality of kapas.
